ABOUT US

Harshita Construction, established in 2022, offers a variety of construction services. We specialize in water supply systems, sewerage, and conducting building layout surveys. Our team is proficient in Dgps, Auto Level, and Total Station surveys, particularly for railway projects. We prioritize accuracy and efficiency in all our endeavors. Additionally, we conduct Cube Tests and thoroughly test building materials to ensure quality and durability. Our services extend to civil works, including construction projects and water tank installations. Moreover, we provide materials such as pipes (Hide/GI/DI/CI), fittings, and pumps to facilitate seamless project completion. At Harshita Construction, we are dedicated to providing reliable and high-quality services to meet the diverse needs of our clients, ensuring their satisfaction and the success of every project we undertake.

WHY CHOOSE US

Choose Harshita Construction because we care about quality and making you happy. We're good at Civil Construction, Water Tanks, Sewerage, Surveys, and Building stuff. We check materials properly so things last. We'll manage your project well, talk openly, and finish on time. You'll be happy you chose us!

TESTING SERVICES

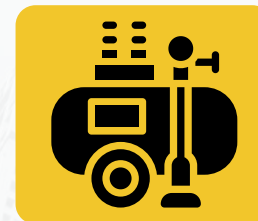

Highway Testing

Our testing ensures roads are strong and safe. Trust us for reliable results and safer journeys.

Water Testing

Our testing ensures clean, safe water. Count on us for reliable results that protect the life of Construction.

Core Cutting Testing

Our core testing ensures durability. Trust us for accurate results that guarantee the strength of your buildings.

Rebound Hammer

Our Rebound Hammer Testing ensures sturdy structures. Trust us for accurate results to keep your buildings safe.

Material Testing Lab

Our lab tests ensure durability. Trust us for reliable results that keep your projects safe and sturdy.

SURVEY SERVICES

Topography Survey

Our topography surveys help plan your projects precisely. Trust us for reliable results that meet your needs.

Land Survey

We map roads for safe construction. Trust us for precise surveys that ensure reliable project planning.

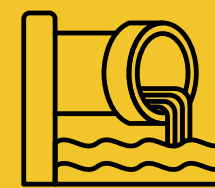

Highway Survey

Our core testing ensures durability. Trust us for accurate results that guarantee the strength of your buildings.

Water Survey

We map water resources for efficient management. Trust us for reliable results that optimize your water usage.

Sewage Survey

Our surveys help plan effective systems. Trust us for reliable results that improve sewage management.

SURVEY SERVICES

Building Layout Survey

Our surveys ensure precise construction. Trust us for reliable results that streamline your building projects.

DGPS Survey

Our DGPS surveys provide precise data. Trust us for reliable results that enhance your project planning.

Auto Level Survey

Our Auto Level surveys provide precise data. Trust us for reliable results that optimize your projects.

Total Station Survey

Our Total Station surveys provide precise data. Trust us for reliable results that improve your project efficiency.

Survey for Railways

We survey for safe and efficient rail construction. Trust us for reliable results that ensure safety.

WATER TANKS

OHT Tank

Reliable water supply. Trust our construction for durable tanks meeting your needs perfectly.

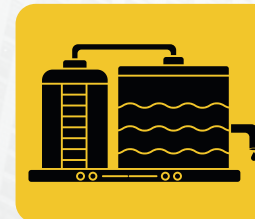

SW Tank

Strong SW Tanks: Reliable water supply. Trust us for tanks that last and meet your needs perfectly.

IW Tank

Durable IW Tanks, Reliable water supply. Trust our construction for tanks that meet your needs and ensure water availability.

WTP Tank

Sturdy WTP Tanks, Ensure a consistent water supply. Rely on our construction for durable tanks that perfectly meet your plant's needs.

CIVIL CONSTRUCTION

Our construction team is here to build your dreams. We work on houses, offices, and factories, making sure everything is strong and safe. From planning to finishing, we do it all with care and skill. We finish on time and keep costs low, so you can trust us to do a great job every time. Whether it's a big project or a small one, we're here to help you build something amazing. Choose us for reliable construction that makes your dreams a reality!

MATERIAL SUPPLY

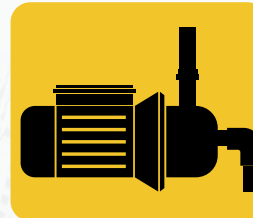

Pipes

(Hide/Gi/Di/Ci) We offer high-quality pipes for different uses. Count on us for dependable supply that meets your project needs.

Fittings

We offer high-quality fittings for different uses. Count on us for dependable supply that meets your project needs.

Pumps

Ensure a steady water supply. Trust us for tanks that last and meet your specific needs perfectly.

TESTING EQUIPMENTS

We offer reliable testing equipment for construction projects. From measuring concrete strength to surveying, we have the tools you need. Our equipment is easy to use and ensures your projects are safe and sturdy. With our quick delivery, you can get your equipment on time. Trust us for all your construction testing needs.

IRRIGATION

Improve your irrigation system with our construction services. We build strong structures like water tanks and pipelines to make sure your water supply is reliable. Our team uses durable materials and smart techniques to create long-lasting infrastructure. Trust us to enhance your irrigation system for better results in farming or landscaping.

RCC NP4 PIPE LINING

Upgrade your drainage with our strong RCC NP4 pipe lining. We install durable pipes to make your drainage system more efficient and long-lasting. Our team uses quality materials and advanced techniques for reliable results. Whether it's for farms, factories, or cities, we have solutions for you. Trust us to improve your drainage system with our expert services, ensuring smooth water flow and lower maintenance costs.

OUR WORKING PROCESS

Planning

Strategizing, outlining goals, and setting timelines for project initiation

Construction

Executing plans, building structures, and ensuring quality control

Preconstruction

Gathering resources, obtaining permits, and finalizing project specifications

Close-out

Completing final inspections, delivering project, and documenting achievements
